**Important events to report:** Obtaining Microsoft Silver Security Certified status

The management of Safetech Innovations S.A. (hereinafter referred to as "the Company") informs the shareholders about obtaining the Silver Certified Partner status from Microsoft in Security domain. Microsoft awards two different levels of competencies to help companies demonstrate proficiency and specialization in particular areas. Silver status is offered to companies demonstrating the highest and most specialized ability and commitment in a specific business solution area.

The certification and recognition come from the capabilities and expertise gained by Safetech Innovations through the partnership with CyberX Lab since 2016, company that was acquired by Microsoft in 2020. Safetech Innovations has extensive experience in securing ICS / OT / SCADA infrastructures using Microsoft Azure Defender for IoT (ex-CyberX), the Company providing global professional services for Microsoft and previously for CyberX, having already implemented over 100 projects to clients in North America, Asia, Africa, Europe and Oceania.

In addition, the Company is the only one in Romania and among few in Eastern Europe, which was included in the Microsoft "Global Security Recruit Program". This recognition provides an opportunity to continue to deliver professional services globally to Microsoft customers. This program is a top priority for Safetech Innovations, the Company being dedicated to staying up to date with the latest technologies. As a professional Microsoft service provider, Safetech
